

# Speaker Series: Bellevue 2035

## Economic Growth & Development

- December 11, 6:30-8:00 PM, Bellevue City Hall

Hear from Seattle Times economics columnist, Jon Talton, and Wright Runstad Co. president, Greg Johnson.

As the city plans for the future it is investigating key issues like transportation, growth, housing and parks. In this continuation of the *Speaker Series*, Talton and Johnson will talk about Bellevue's role in the regional and global economy. They will discuss past projects in Bellevue, economic conditions that affect Bellevue, and what new office and residential buildings we are likely to see spring up in the BelRed area.

## You're invited!

Planning Commission meetings are open to the public. Come hear from the speakers panel and share your thoughts about Bellevue's future.

### Scoping of Environmental Issues

This project is informed in part by environmental analyses, using a process referred to as "SEPA/GMA Integration" by the State Environmental Policy Act. To make sure environmental considerations are an integral part of the development and evaluation of alternatives, the CPU will be identifying, or "scoping" environmental issues throughout the planning process. These events will provide additional opportunity to identify environmental issues. A formal SEPA determination will occur at a later stage in the planning process.
